

INTRODUCTION

PT. Putera Rackindo Sejahtera, carrying registered brand name "PRO DESIGN", was established in 1989 as a small home industry producing audio-video/TV rack and computer table. With continuous support from our customers and a quest to be the best in this field, we have been motivated to grow the business consistently and finally settled nowadays on 85,000sqm land, located in Gresik city, 30 minutes from Surabaya city centre as the 2nd largest city in Indonesia where the nearest container port of Tanjung Perak is located.

Our production line is using high-tech machineries from Germany and Italy to ensure a constant, precise and high quality output. Combined with skilled workers, excellent and careful handling of components with strict supervision by Total Quality Control team from cutting to finish goods, the only result is high quality products of Ready-To-Assemble (RTA) or widely known as knock-down furniture.
