

style for less.

Too big for your home? Let us help you customise it, so it fits perfectly. No home is too small and no home is too big. At Pro Design, we always innovate and decorate every house perfectly fits. We choose the right furniture and place it to the best location to create a new ambience, the most comfortable one!

eat. pray. love.

Bring ideas into your life. Give your home a bold injection of optimism with furniture and accessories in vivid colours. Set strong colours against a raw or neutral-coloured wall. Or why not mix and match accessories in strong colours? The trick is to group objects and not scatter them around. This way, it will feel uplifting. Not overwhelming.

PRAHA
PREMIUM SERIES

mix it.

A diningroom doesn't have to be built in to work well. With free-standing diningroom like PRAHA, you can mix and match the cabinet and shelving units for the look & functionality you want. Plus its easy and you can save a lot more money by doing it yourself. Best of all, you can take this dream diningroom with you when you move. Afford more options with a flexible diningroom.

after long working hours.

Bedroom - Nice place to take some rest. After a long hard day at office, your body need to be relaxed. You spend a third of your life in bed, so choose the right furniture to spending your time with. Give yourself room to sleep by hiding away the mess in nightstands and wardrobe. Now you can get a good night's sleep. Every night.

colors that rock : Home Oak

Our furniture designs are based on modularity and functionality to give you freedom in your decorating. Some of them can even stand alone as a single unit if you like it that way. Complete the look with functional tables and stylish showcase. Sit back and enjoy our designs and know that most of what you see is available in different sizes and colours.

PRAHA

PREMIUM SERIES

history...

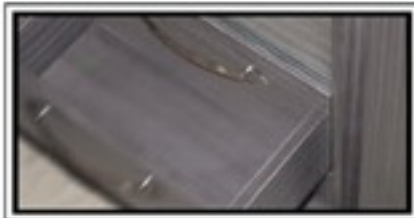

Praha (originally spelled Prague) is one of the most beautiful city in the world. The name Prague is derived from an old Slavic root, prago, which means "ford", referring to the city's origin at a crossing point of the Vltava River. Since the fall of the Iron Curtain, Prague has become one of Europe's (and the world's) most popular tourist destinations.

Today, our designer at Pro Design transform the ideas of this beautiful city into modern furniture. We create a totally new looks, with state-of-the-art finishing using high-technology machinery from Europe combined with latest accessories to maximize your comfort. Nothing is impossible, no room is too big nor too small. With Pro Design, everything will fit.
